### MODES OF STUDY

Carey offers students the opportunity to study in different modes, with the possibility of changing the mode of study if required; see Enrolment and Programme Regulations for more information.

**STUDYING FULL-TIME**

Carey offers students the option to study full-time. Full-time study allows students to combine on-campus courses, distance, block, and field education courses to provide a highly customisable study programme to suit their individual needs.

**STUDYING PART-TIME**

Students also have the option to study part-time. Part-time study enables students to combine study with other commitments such as employment, family, and church life. Part-time students can combine on-campus courses, distance, block, and field education courses in order to attain a study programme that meets their own needs. Normally part-time students enrol initially in the Certificate of Christian Studies (pending NZQA approval) with the option to continue studying additional qualifications at a later date.

STUDYING AS A DISTANCE STUDENT

Carey offers students the opportunity to study programmes and courses by distance learning. This means that students can be located anywhere in New Zealand. Distance learning is done through online course materials and lectures through CareyOnline, an internet based learning management system.

STUDYING FOR PERSONAL INTEREST

Carey also offers students the opportunity to study individual courses for personal interest.

AUDIT

Students can attend classes in individual courses for personal interest. Enrolment is subject to availability of space within a programme or course and is at the discretion of the Academic Director. Students will have access to CareyOnline, but audit study is not subject to any assessment requirements. Therefore, no academic credit is awarded at the completion of the course.

Please note that as with all other courses and programmes, a tuition fee will be charged for Audit; see Fees Regulations and Schedule for more information

BLOCK COURSES

Carey offers a number of courses by means of block mode. These courses are normally held at the Auckland campus for a duration of three, four or five days in either one or two blocks. In addition to attending the teaching blocks, students must complete extra reading and assessments. Attendance at ALL block course days for a particular course is compulsory. Block courses are full semester courses and officially commence on the first day of the semester.

FIELD EDUCATION COURSES & INTERNSHIPS

As a part of the Applied Theology Undergraduate curriculum a number of Field Education courses and internship approaches are available. Field Education and internships utilise practical ministry experiences as the basis of biblical and theological reflection and personal growth. There are varying ways in which Carey can partner with churches and students – contact Rachel Roche (Rachel.roche@carey.ac.nz) for more information.
PROGRAMMES OF STUDY

Carey offers a variety of academic programmes at undergraduate and postgraduate levels within the discipline of Applied Theology.

UNDERGRADUATE QUALIFICATIONS

Carey offers certificates, diplomas, and degree level programmes with a range of courses equivalent to NQF Levels 4 to 7 (National Qualifications Framework – see www.nzqa.govt.nz for more information). These qualifications are ideal for those looking to prepare for practical Christian ministry and mission.

Carey’s undergraduate programmes combine two core strands of Christian training; Bible and Theology (including Church History), and Mission and Ministry (including Formation and Fieldwork). The aim of the programmes is to meet the challenge of balancing classroom based study, spirituality and hands-on experience.

POSTGRADUATE QUALIFICATIONS

The Carey Graduate School delivers Postgraduate qualifications. Postgraduate qualifications are designed to serve the needs of; students who wish to advance their knowledge and practice in applied theology and students who wish to pursue an academic career with an emphasis in applied theology, and for those engaged in professional roles associated with Christian ministry who wish to advance their knowledge and skills in these fields or for people who are pastors, mission practitioners, or senior staff in Christian Non-Government Organisations (NGO’s) and related fields who wish to enhance their leadership through study in applied biblical and theological study.

The aim of the Carey Graduate School is the creation of thinking practitioners, scholars and leaders who will stimulate and resource new knowledge, fresh and critical thinking, and the development of effective praxis in Christian ministry, mission and leadership in New Zealand and beyond.

For more information regarding our programmes please refer to the Specific Programme Regulations for each programme.
Admission Regulations

For the purpose of these regulations a domestic student is defined as a citizen or permanent resident of New Zealand, Australia, Cook Islands, Niue, Tokelau, or a citizen of another country who is resident in New Zealand as a consequence of assignment to a diplomatic or consular post, and their immediate dependants.

When not specified, ‘applicant’ applies to both domestic and international students.

Additional admission requirements apply to international students and can be found under International Student Regulations.

1. GENERAL ADMISSION CRITERIA

1.1. Carey Baptist College, “Carey”, admits students to its academic programmes without prejudice in matters regarding ethnicity/race, age, gender, physical or other disability. It is our belief that people are divinely created, with gifts that render all capable of service to God and humanity, and should be given the opportunity to study to their level of ability.

1.2. It is expected that applicants will demonstrate an appropriate level of maturity and Christian character development. While students are not required to hold a personal commitment to the Christian faith, to enrol in courses they should acknowledge the existence and validity of Christianity as a ruling philosophy for personal daily life and social conduct.

2. ADMISSION REQUIREMENTS

1.3. Admission requirements vary depending on the programme of study and are listed under specific programme regulations. Please refer to the specific programme regulations outlined later in these regulations.

   ENGLISH LANGUAGE

1.4. As most tuition is given in English, all applicants need to be proficient in understanding, reading, writing and speaking English.

1.5. International applicants whose first language is not English will be required to take an internationally recognised English Language Proficiency Test (IELTS); see International Student Regulations for more information.
3. **ADMISSIONS PROCEDURE**

1.6. All applicants must complete an Application Form via the Carey website and submit all required documentation for their programme of study. Application closing dates can be found on the Carey website, www.carey.ac.nz.

1.7. Applicants may be required to attend an interview as part of their admission. If an interview is required, the applicant will be contacted to arrange an appropriate time.

1.8. An application will only be considered once all documentation is received and interviews conducted (if required).

1.9. All applicants should submit their application within the timeframes specified in the key academic date schedule, however depending on the programme of study a late application may be considered if sufficient reason is given.

4. **SELECTION PROCESS**

1.10. The decision on whether to offer a place is determined by the Academic Committee and overseen by the Academic Director, and takes into account all the evidence supplied which demonstrates the applicant’s ability to study at the required academic level.

1.11. Once a decision is made the applicant will be advised in writing of the outcome. Generally, an applicant can expect to be notified of the decision within seven to ten working days of the application being submitted.

1.12. If an applicant is admitted into a programme they will be required to enrol in courses and will receive a fees invoice, and details of the protection of fees arrangement through the Public Trust. All fees must be paid before enrolment is complete; see Fees Regulations and Schedule. Once paid the applicant will receive a receipt of payment.

1.13. Applicants should normally enrol for both semesters in a given academic year.

1.14. There may be a limitation on the number of students who can be enrolled in a programme or course in a given year; see Enrolment and Programme Regulations for more information.

1.17. If an applicant is unsuccessful in receiving an offer of place they can apply for an appeal; please refer to the Student Appeals & Complaints Policy and Procedure for more information.

If there is any change to an international student’s visa or status while enrolled at Carey they are required to notify the Academic Registrar immediately.

9.1. GRANTED RESIDENCY

9.2. VISA NO LONGER VALID

Fees Regulations

For the latest Fees Schedule please refer to the Carey Baptist College, “Carey”, website www.carey.ac.nz/fees.

1. FEES PROTECTION

1.1. The New Zealand Government, under the Education Act 1989 and the Student Fee Protection Rules 2013, requires all Training Establishments registered with the New Zealand Qualifications Authority (NZQA) to protect all student fees paid to them.

1.2. Carey has appointed the Public Trust to manage this obligation, and uses their Fee Protect service. Public Trust is a government owned Trustee Company that has been in existence for over 135 years and all fees deposited with Public Trust have an unsecured capital guarantee from the New Zealand Government.

1.3. Students’ fees are deposited into a trust account at the Public Trust and are then paid to Carey over the duration of their study in accordance with an agreed payments schedule. This ensures that at any time sufficient money is available for refund in the case of a student withdrawing from a programme or course, or the unlikely event that Carey is unable to complete the delivery of a programme or course on account of closure, insolvency or loss of its NZQA accreditation.

1.4. Application for any refund is to be made in writing to the Public Trust who, on verifying the claim, will make payment within fifteen days of the course ceasing.

1.5. Please note that if a student fails to sign the Public Trust Acknowledgement form they will not be enrolled in CareyOnline until they have done so.

For more information visit the Public Trust’s website, www.publictrust.co.nz/fee-protect/information-forstudents.

2. FEE PAYMENT TERMS

2.1. In signing the Application Form students agree to pay all fees as they become due, and to meet any penalty fees and collection charges associated with debt recovery.

2.2. Please note that if a student has not fulfilled their financial obligations Carey may enforce the following restrictions:

2.2.1. Access to lectures, the J. Ayson Clifford Library, and CareyOnline will be withheld.

2.2.2. Assessments will not be marked and academic results will be withheld.

2.2.3. The student will not be entitled to receive a copy of their academic record.

2.2.4. The student will not be entitled to graduate.

2.2.5. The student may be withdrawn from Carey and will not be eligible to re-enrol.

2.2.6. A transfer of their academic record and credits to another institute will be denied.

2.2.7. Further, Carey may, at their discretion, lodge a notice of any default of payment and/or may forward the details of any outstanding amounts to a credit bureau, recovery agent, or any agency of its choosing.

3. PENALTY FEES

3.1. A fee of 10%, with a maximum of $50.00 will be added to all fees which remain unpaid after their due date.
3.2. Further a fee of $10 per dishonoured payment will apply to any payment which was scheduled but did not occur on account of insufficient funds, this is also known as a default of payment.

4. DEFAULT OF PAYMENT

4.1. If a student defaults in their payments Carey may at their discretion lodge a notice of default with a credit bureau or agency of its choosing advising them of the failure of the student to comply with the Fees Statute. Notice normally would contain information regarding the failure to make payments including the current statues of the student’s account and the amount of default involved.

4.2. Carey is not liable for any action which may be taken by any party who becomes aware of the default lodged against the student. However, Carey is responsible for the removal of the default notice should the default be found to be unsubstantiated. Further Carey is also responsible for updating the notice when the default has been paid.

5. DEBT COLLECTION

5.1. If a student has failed to make payment of their fees by their due date Carey may at its discretion forward the details of any outstanding amounts to a recovery agent, or any agency of its choosing for the purpose of debt collection.

5.2. By signing the Application Form a student has agreed to the Fees Statute and therefore if Carey chooses to utilise the services of a recovery agent that the student is liable to cover all costs associated with the debt collection, this includes fees accrued from consultations with solicitors, any costs relating to legal proceedings, and any ongoing costs associated with the debt collection.

6. STUDENT LOANS & STUDENT ALLOWANCES

6.1. If studying a fulltime or part-time a student may have access to a Student Loan or the Student Allowance, provided they meet the criteria; however, loans and allowances are normally only available to those who are enrolled in four courses if studying only for one semester, or enrolled in at least seven courses if studying for a full year.

6.2. If enrolled in Postgraduate programmes students are not eligible to receive Student Allowances.

6.3. International students are not eligible for Student Loans or Student Allowances.

6.4. Student Loans and the Student Allowances are processed and administered directly by StudyLink, a service of the Ministry of Social Development. To ensure that the commencement of your study is not hindered we highly recommended to start the application process with StudyLink before week.

For more information or to apply visit StudyLink’s website, [www.studylink.govt.nz](http://www.studylink.govt.nz).

6.5. If a student is able and chooses to use a Student Loan to pay for their fees they will be required to sign an agreement authorising the payment of fees through StudyLink. Carey will then submit the agreement to StudyLink for verification, once it has been confirmed the student will be informed in writing.

7. WITHDRAWAL REFUNDS POLICY AND PROCEDURE

7.1. If a student withdraws from a programme or course within the first ten working days of the start a semester, “the Refund Period”, they are eligible for a refund of their tuition fees minus 10% or $500 (whichever is the lesser).

7.2. If a student withdraws from block course within the first ten working days of the start a semester, “the Refund Period”, they are eligible for a refund of their tuition fees minus 10% or $500 (whichever is the lesser).
7.3. If a student completely withdraws from all courses within the Refund Period the Student Services Fee will be refunded in full. Refer to the Fee Schedule below for applicable fees.

7.4. If fees were paid via a Student Loan any refunds will be paid directly to StudyLink.

7.5. Please note that regardless of whether a student is entitled to a refund they must complete a Change of Enrolment form as a withdrawal may affect their Academic Record; See the Enrolment and Programme Regulations for more information. Refer to the Fee Schedule below for applicable fees.

Other Course Related Costs

8.3. TEXTBOOKS

While a limited quantity of textbooks are available in the J. Ayson Clifford Library for reference, students are normally required to purchase prescribed texts and should allow $500 to $800 per year if in full-time study.

8.4. GENERAL EXPENSES

All students are responsible for any personal expenses such as travel, medical and personal insurance, stationary, food, accommodation and other personal need related costs incurred during the study at Carey.

8.5. INTERNATIONAL STUDENTS

In addition to general expenses outlined in the International Regulations, international students also need to consider the cost, if required, for:

- the English Language Proficiency Test (Academic Version), typically $385
- Medical Insurance, typically $580 per person or $1,520 per family.
- Language tests and Medical Insurance are not administered by Carey therefore the above amounts are subject to change.

8.6. ACADEMIC REGALIA

Students attending a Graduation ceremony are required to hire regalia. The costs are typically between $30-$100 for hireage (depending on the qualification) but are not set by Carey and therefore subject to change. For further information on Regalia see the “Graduating from Carey” section of the Calendar.
Assessment Regulations

1. ASSESSMENT REQUIREMENTS

1.1. Carey Baptist College, “Carey”, uses a standards based assessment method. All assessments will be appropriate to the nature and level of the course and programme for which they are set.

1.2. Each course requires students to complete a number of assessments, requirements for which, including style and presentation requirements, will be detailed in the Course Outline.

1.3. All assessments for a course must be completed by the due dates specified in the Course Outline.

1.4. All assessments must be completed in sequence to pass a course.

1.5. When a course requires both an oral and written assessment, unless otherwise stated, a passing grade in both the oral and written assessment is required in order to pass the course. Similarly, when a course requires both a practical as well as written assessment, a passing grade in both is required in order to pass the course.

2. RESEARCH ETHICS

2.1. Any assessment or research project undertaken by a student involving, or directly affecting living persons must be conducted with due regard to ethical issues and comply with the requirements of the Research Ethics Policy.

3. SPECIAL ASSESSMENT CONDITIONS

3.1. A student with a temporary or permanent disability which affects their ability to undertake a course assessment under regular assessment conditions may apply to complete their assessment under conditions which take into account the particular nature of their impairment.

3.2. Please note that applications must be made in writing to the Academic Director prior to the due date of the assessment.

4. USE OF TE REO MĀORI IN ASSESSMENTS

4.1. Carey recognises Māori as an official language of New Zealand and as a tāonga for all New Zealanders protected under the articles of the Treaty of Waitangi. Therefore, Carey upholds the right of students to use Te Reo Māori as the language of assessment in its academic programmes. If a student wishes to use Te Reo Māori in their assessment they must contact the Academic Director within two weeks of the commencement of the semester in which the assessment is due. Please note that a longer period of notice or a limitation on the use of Te Reo Māori may be necessary when oral work involves interaction with other students; see the Policy and Procedure for use of Te Reo Māori in Assessments for more information.

5. USE OF CHINESE (MANDARIN) IN ASSESSMENTS

5.1. Students completing courses in Mandarin are expected to submit their assessments in Chinese (Mandarin) (or Te Reo as per Carey Policy)

5.2. Students enrolled in English taught courses must submit their assessments in English to meet NZQA requirements (or Te Reo as per Carey Policy)

5.3. Word limits for assessments in Chinese are to be adjusted according to the following equivalency 1:1.6. In other words, 1000 words in English is deemed equivalent to 1600 words in Chinese.
6. SUBMISSION AND RETURN OF ASSIGNMENTS

6.1. Course assessments are normally submitted and returned electronically through CareyOnline, which records the time and date of submission.

6.2. Hardcopy submissions are only permitted in special circumstances, for which approval must be granted from the Academic Director.

6.3. Carey aims to have all assessments marked and returned to students within three weeks of the assessment due date. However, when work is submitted late the assessment may be returned late.

6.4. When marking assessments, the marker will provide a grading comment explaining:
   - The extent to which the criteria of the assessment has been met.
   - The overall grade (0-100%) for the assessment.

7. REQUESTS FOR EXTENSIONS

7.1. Extensions are normally given only for reasons of ill-health or on compassionate grounds; work and life pressures that could be planned for are not valid grounds for extension.

7.2. If a student requires an extension on an assessment they can apply to the Academic Registrar on the prescribed form with full supporting evidence prior to the due date of the assessment.

7.3. Normally extensions will be given for no longer than two weeks. Extensions will not normally be granted beyond the final day of the semester.

7.4. Each application will be considered on its own merits.

8. PENALTIES FOR LATE SUBMISSIONS

8.1. An assessment submitted up to one week after the due date without a formal extension being granted will incur an academic penalty equivalent to a 10% reduction in marks, normally equivalent to two grade steps. An assessment submitted more than one week after the due date but no more than two weeks, will be marked, but will not be awarded a grade other than a “Pass” or “Fail”. An assignment submitted more than two weeks after the due date will receive a “Fail”.

8.2. For semester length courses, no assessment submitted after the last day of the semester will be marked unless an extension has been previously approved. For full-year courses, no assessment item submitted after the last day of the second semester will be marked unless an extension has previously been approved.

Where assessments for a course have a designated weighting, the value of the marks obtained for each assessment will be multiplied by that weighting, added together and then converted to a final course grade.

9.1. RESUBMISSION

A student enrolled in an undergraduate programme fails to achieve the standards for a pass grade required in a particular assessment by no less than 40% may apply to the lecturer to resubmit the assessment. If approved the students must resubmit the assessment within two weeks of being notified of their original grade, with the exception of assessments due on the final day of semester, which must be submitted by the Monday prior to the Marker’s meeting. The assessment will be marked on a Pass/Fail basis only. A student is permitted to resubmit any given assessment only once.

9.2. FINAL GRADES

At the end of a course, and after all assessments have been submitted, marked and reviewed, students will be awarded a final grade for the entire course.

9.3. APPEALS

If a student believes that there was an irregularity in the material and/or conduct of an assessment they can make an appeal against their final grade; see the Policy for Appeals & Complaints Procedure for more information.

10. REPEATING A COURSE

10.1. If a student fails a course they may apply to repeat the course.

10.2. If a course is repeated a student may wish to resubmit revised versions of previous assessments completed for the first attempt of the course, however this is only permitted with the approval of the lecturer.

10.3. If a student repeats a course and is awarded a passing grade the fail grade will still remain on the first transcript, this is so that a true record of the student’s progress is kept. However, this fail grade will not be counted towards the Grade Point Average.

11.1.6. If the Academic Committee approves the application the final grade may be decided in one of two ways.

11.2. COMPASSIONATE PASS

11.2.1. If exceptional circumstances beyond a student’s control arose, other than illness or injury, which they believe seriously impaired their performance in a final assessment they may be eligible for a Compassionate Pass.

11.3. CONCEDED PASS

11.3.1. If a student, in their final year of a Diploma or Bachelor’s award, fails a major piece of assessment in one course only but has performed at a satisfactory level in that course and would otherwise have completed the Diploma or Bachelor’s programme then they may be eligible for a Conceded Pass.

11.3.2. Please note that only one Conceded Pass can be given during a student’s entire period of study at Carey.

Therefore, all words that are copied from another piece of writing, or recording, must be enclosed in quotation marks (“ ”) and the source referenced according to an accepted system of referencing. Where significant ideas are borrowed from other sources, these too must be acknowledged.

12.2. Carey uses TurnItIn, an online plagiarism detector, for all assessments.

12.3. Carey regards plagiarism as a serious violation of academic integrity and therefore it is treated as a serious offence and disciplinary measures will be taken. The Academic Director will discuss cases of plagiarism with the student concerned and student details will be placed on the Carey Plagiarism Register.

12.4. In the case of repeat offences, a student may receive a failing grade for their entire course and/or be excluded from their programme of study for a period of time. Repeat offences may also be considered grounds for dismissal.

- Use the core tools of theology to critique other disciplines and their own experience.
- Critically examine current practice, applying learning to new situations.
- Handle documents of Christian faith with discernment and scholarship.
- Have developed self-awareness in relation to their own spiritual journey.
- Listen to others’ views, and have a world perspective.
- Integrate learning in determining personal action.

Postgraduate Courses

MA801 RESEARCH METHODS IN APPLIED THEOLOGY

This course is designed to support postgraduate students in developing a research project in Applied Theology, and to assist them in defining their mode of enquiry. The first part of the course focuses on students identifying a research programme using their own professional, voluntary, or pastoral practice, as the foundation. The second part looks at a range of theoretical perspectives on research generally, as well as perspectives specific to their own research project. The third part of the course moves onto specific operational aspects of the research process. From this grounding in research issues and techniques students will plan a research topic through to the credit of designing a research instrument. This does not commit students to that topic in their ongoing studies. However it does place them in a good position to move into their thesis work.

Throughout this course students are exposed to structures that provide both practical and spiritual support for the researcher. In light of this students will develop their own supportive research environment.

30 CREDITS

MA802 MISSION AND MINISTRY IN TIMOTHY AND TITUS

The aim of the course is to develop a hermeneutical approach to the Letters to Timothy and Titus that will enable them to be read as a resource for contemporary mission and ministry. After acquiring a thorough knowledge of the content of the Letters to Timothy and Titus and evaluating several accounts of these letters in recent New Testament scholarship we shall consider a range of hermeneutical approaches to these documents whose interpretation has proved problematic in various ways both in the academy and in the church. In the light of this critical evaluation students will develop their own hermeneutical approach and use it in relating their study of the Letters to Timothy and Titus to their missional or ministry praxis.

30 CREDITS

MA803 OLD TESTAMENT NARRATIVE

The aim of the course is to study of the content and working of Old Testament narrative, and the hermeneutical and theological issues raised by narrative approaches to the Old Testament. The goal of this study is to enrich and sharpen preaching of narrative form and give such preaching a solid foundation in understanding of narrative techniques and features.

30 CREDITS
MA804 INTERCULTURAL BIBLE READING

The aim of the course is to explore issues of socially located Biblical hermeneutics and intercultural understanding within Christian communities, and develop skills of intercultural competence. Students will first acquire a working knowledge of the relatively new field of vernacular and intercultural hermeneutics through critical interaction with J.H. De Wit, et al. (eds.), *Through the Eyes of Another: Intercultural Reading of the Bible* (Elkhart, Ind.: Institute of Mennonite Studies, 2004). The research team will then design a specific local intercultural Bible reading experiment. Suitable participating groups will be identified and allocated to team members, who will conduct the experiment and report the results. The team will then analyse this data and consider implications of the findings from a range of perspectives such as Biblical interpretation, intercultural hermeneutics, and various aspects of Practical and Applied Theology.

30 CREDITS

MA805 INNER HEALING

This course offers a theological and psychological study of the theory, practice, and implications of Christian inner healing. MA806 PUBLIC ISSUES AND CHURCH VOICES

This course considers church and society interactions in New Zealand from an historical perspective. It looks at the extent to which churches have engaged with public issues of their time and the extent to which they have had influence in relation to those issues. It focuses particularly on the extent to which churches have led or followed society in doing so. Lectures will be drawn from most of the following topics: alcohol, Sabbath, war and peace, social justice/the great depression, sexuality, homosexuality, abortion, the 1981 Springbok tour/apartheid, and issues of race and gender (feminism).

30 CREDITS
MA807 SPIRIT CHRISTOLOGY AND HUMAN PERSONHOOD

This course examines the way in which Spirit Christology complements Logos Christology in the same way in which Christ and the Spirit are mutually constitutive. It then charts the rise and development of a Third Article Theology and examines what this may look like when it is faithful to Scripture and the Great Tradition, and applied to ministry and mission. Within contemporary theology a pneumatically oriented approach to theology is being proposed across denominational and traditional lines. This course provides a map to navigate one’s way through the many competing proposals for a Third Article Theology. A particular focus of the course will be on the doctrines of the Trinity, pneumatology, and ecclesiology as they relate to ministry and mission (broadly conceived).

30 CREDITS

MA808 THE TRINITY AND PASTORAL PRACTICE

This course examines the doctrine of the Trinity and applies this to pastoral practices in order to allow the doctrine of the Trinity to have a controlling influence over such practices. This course addresses key concerns related to the practice of ministry. By grounding the course in a robust trinitarianism, students will receive a clear biblical and theological foundation for ministry as participation in the ongoing ministry of Christ in the world in the power of the Spirit, thus preparing them for effective Christocentric pastoral and missional leadership.

30 CREDITS

MA809 DEVELOPMENT IN PREACHING

This course is designed to assist those with a preaching ministry to face the challenges presented by the varieties of text (the biblical genre) and context (their contemporary audience) which they encounter. It will expose students to a range of issues concerning the history and theology of preaching, while also developing their awareness of the structural possibilities in preaching and their understanding of the contemporary challenges to the practice of preaching. The aim of the course is to enable students to prepare and preach sermons that are faithful to the Scripture, sensitive to the culture, and relevant to the audience.

The onsite component is a two week guided journey to: Caesarea, Megiddo, Elijah’s Cave, Acre, the Galilee, the Golan Heights, Bet She’an, Qumran, Masada, the Dead Sea, Tel Salata (ancient Shechem), Samaritan Village, Jacob’s Well, Sebastia, Bethlehem, and several days in Jerusalem. 30 CREDITS

MA815 ISAIAH: A THEOLOGICAL READING

The aim of this course is to provide both a theoretical basis and practical experience in reading Scripture in the context of biblical theology, while building on and incorporating useful insights from historical criticism and other more recent approaches. In the first part we explore the strengths and limitations of the historical-critical approach, which has been the major interpretative paradigm since the Enlightenment. We also consider if it is possible, even desirable, to be the objective outsider in interpretation and whether a Christian faith perspective in an advantage or a liability in this regard. In the second part of the course we apply the insights we gained to the theme of Messiah in the book of Isaiah. The book falls into three distinct units in historical-critical terms, which were traditionally kept strictly separate. However, allowing the parts to talk to each other around the concept of Messiah and drawing into the discussion the wider context of the canon will demonstrate the value of a theological thematic approach across the whole of Scripture.

30 CREDITS

These are complex issues and must be approached from a number of different angles: historical, sociological and biblical. Further, it is not enough to comprehend an issue, one must also know how to debate such issues, both within the Church and outside in the public square. In essence this course will explore an understanding of social issues in light of the social sciences, theology and mission. MA824 SPECIAL TOPIC (MISSIONS): READING PAUL MISSIONALLY

We will examine Paul's vision of individuals and communities that not only speak the good news but also embody it in such missional practices as faithfulness, reconciliation, justice, and enemy-love. The close, missionally sensitive reading of his letters will combine with missionally sensitive readings of the students' own contexts to generate missional conversations and guide practice. The course will include two three-day intensives, one facilitated by Dr Michael Gorman and the other by Dr George Wieland.

30 CREDITS

MA825 SPECIAL TOPIC (MINISTRY): CHRISTIAN DISCIPLESHIP AND THE WAY OF THE CROSS

What does it mean that we are called by Christ to discipleship? We will give particular attention to the claim that Christian discipleship always entails suffering, ‘taking up one’s cross’ (Mark 8:34). What role does suffering play in preparing and forming us as disciples? Should (and can) we embrace this suffering? We will explore these and other such questions with reference to the writings of Julian of Norwich, Luther, Kierkegaard, Barth, Bonhoeffer, William Stringfellow, Hauerwas, and others.

Carey Policy and Procedure for use of Te Reo Maori in Assessments

INTRODUCTION
Carey Baptist College ("Carey") recognises Māori as an official language of New Zealand and as a tāonga for all New Zealanders protected under the articles of the Treaty of Waitangi.

APPLICATION
All Carey staff and students.

PURPOSE
To provide and uphold the rights of students at Carey to use te reo Māori as the language of assessment in its academic programmes.

SCOPE
This Policy covers students who wish to submit work for assessment in te reo Māori to be able to do so.

POLICY & PROCEDURE
Carey will seek to have sufficient, suitable staff to ensure that any work submitted in te reo Māori will be assessed by a person who is qualified in subject knowledge and proficient in te reo Māori.

1. In courses, other than those taught in or requiring submissions in te reo Māori, or in which proficiency in a language other than te reo Māori is what is being assessed, students may apply to use te reo Māori as the language of assessment. That application must be made in writing to the Academic Director within two weeks of the start of the semester in which the course is offered.

2. The Academic Director will endeavour to respond in writing to the request within ten days, after consultation with te Kaiārahi Rangahau Māori and the Academic Committee.

3. Every effort will be made to have the work assessed by a person who is qualified both linguistically and in terms of subject knowledge for that task. Where this is not available, the Academic Director will set moderation procedures in place to ensure te reo Māori assessment is just and equivalent to that for students using English for the same assessment activity. Where necessary to ensure equivalence, the Academic Director will also arrange translation services.
4. If there is no suitable marker at Carey, the Academic Director will contact the Lecturer and the Kaiarahi-Rangahau Maori to begin the process of determining a suitable marker or translator.

5. Where translation is required, the Lecturer will draft a timetable for translation, in consultation with a suitable translator. The Academic Director will communicate the timetable with the student.

6. For oral presentations, the Academic Director may organise for the interpreter to provide oral interpretation by arranging a meeting (or meetings) in place of a direct written translation.

7. With the permission of the student, oral presentations will be recorded to assist the interpreter and the Lecturer or the marker (if not the Lecturer). Recordings may be audio or video and will be used for the purposes of assessment only. Recordings may then be transcribed or the Lecturer may ask the interpreter to provide oral translation (as per 3. above).

8. Where a direct written translation is required, the assessment item will be sent to the translator who will provide a translation of the assessment in English to the Lecturer (see Guidelines for Translators).

9. The translator is not expected to mark assessment items submitted in te reo Māori. The Lecturer, however, may engage the translator as a marker for the course, with permission from the Academic Director.

10. To ensure grading consistency, the Lecturer or the marker (if not the Lecturer) may need to discuss the assessment and its translation with the translator.

11. The Lecturer, as the examiner of the course, will be responsible for the confirmation of the final grade given to that student.

**GUIDELINES FOR TRANSLATORS OF WRITTEN ASSESSMENTS IN TE REO MAORI**

This is an assessment that, once marked, will contribute to the student’s final grade. Please translate as accurately as possible.

The student may be graded on their ability to express themselves clearly, so do not correct inaccuracies. However, do reflect effective and creative use of te reo in the English translation.

You are invited to make notes and additional comments that may be taken into account when grading the work. The translation and any additional notes may be made available to the student.

Carey recognises Māori as an official language of New Zealand and as a tāonga to Māori is protected under the articles of the Treaty of Waitangi to honour that tāonga.
GUIDELINES FOR INTERPRETERS OF ORAL ASSESSMENTS IN TE REO MAORI

This is an assessment that, once marked, will contribute to the student’s final grade. We invite you to the student’s oral presentation on [DATE] at [TIME] at [LOCATION]. This will be recorded. We would like you to meet with the Lecturer (and others, at the discretion of the Lecturer and Academic Director) to orally interpret, using the recorded presentation. We anticipate this meeting taking place within a week of the student presentation and lasting for approximately [HOURS].

Your oral interpretation will also be recorded. Please interpret as accurately as possible. The student may be graded on their ability to express themselves clearly, so do not correct inaccuracies. However, do reflect effective and creative use of te reo in the English interpretation. The interpretation and any additional notes may be made available to the student.

Carey recognises Māori as an official language of New Zealand and as a tāonga for all New Zealanders is protected under the articles of the Treaty of Waitangi to honour that tāonga.

Carey Gender Neutral Language in Academic Writing Policy

INTRODUCTION

It is expected that all student work submitted for assessment at Carey Baptist College, “Carey” will pay attention to the need for gender-neutral language, and avoid terms and pronouns that are non-inclusive, unless the context so requires.

APPLICATION

All Carey staff and students.

PURPOSE

Language constantly changes over time and one of the changes that academic (and also non-academic) English has gone through in recent years is a shift to the use of ‘gender-neutral’ language. Today writers make an effort to be gender-neutral, non-sexist and thereby inclusive in their writing.

POLICY & PROCEDURE

As careful writers, at Carey we avoid language that would universalise one part of humanity to the exclusion of others: for example, avoiding the use of “man” or “men” when we mean “human being(s),” “humankind,” or “people”. In all such cases, as a matter of courtesy, we will search for alternative words that are inclusive or gender neutral. There are no simple formulae for inclusive language, but a basic ‘rule of thumb’ suggests that it is wise to avoid distracting our readers with either a gender specific term that may be offensive or an awkward inclusive phrase such as “him or her” or “she/he”.

We recognize that some Bible translations, such as the NASB, ESV, for example, follow more closely the source languages (Hebrew, Aramaic, Greek) and therefore do not reflect gender-neutral language as we expect it today. Nevertheless, these translations are valuable for close textual study and are acceptable to use and cite in academic writing.

However, when students use their own words explaining the biblical text in academic writing, we expect gender inclusive language to be used when the context implies the inclusion of both men and women. For example, unless directly citing the translation, students are expected to use “humankind” or similar even if the translation specifies “mankind.” (This does not mean that we expect changes to be made when a “man” or “woman”, “husband” or “wife” is actually specified in the text.) With reference to God, the language of “Father” and “Son” is acceptable and so are personal pronouns “he,” “him,” and “his.”

Use of non-inclusive language in any assessment item will be highlighted and taken into account in the allocation of marks for presentation and style. In instances of serious and frequent use of non-inclusive language, the assessment item will be returned to the student for the language to be addressed and then re-submitted for marking.

GENERAL EXAMPLES

Avoiding the use of “he or she” or “s/he”
Use ‘they’ instead of ‘he’ or ‘she’ (if the use of the plural would work in the context), eg “Each student was asked whether s/he would take part in the survey.” This could be rephrased as: “Students were asked whether they would take part in the survey.”

Change the sentence around to avoid the need to state a gender, eg “Each student should be given an opportunity to decide for him/herself”. This could be rewritten as: “Opportunity should be given to each student to make that decision.”

Where it becomes complicated or artificial to do this, it is acceptable to alternate the use of genders, for example throughout a list, or chapter by chapter.

**Gendered Nouns**

Gender is implicit in many nouns – for example “mankind”, “chairman”. There are always alternative words or expressions that can be used. Some simple examples are given below. More extensive lists of suggestions are available.

Examples:

- man in the street: people in general, people
- manpower: workforce, labour force, employees
- cameraman: camera operator
- forefathers: ancestors
- man-made: artificial, synthetic

APPLICATION
All Carey staff and students

PURPOSE
The purpose of this Policy is to inform on copyright issues relating to library materials and users.

POLICY
1. The Library strongly supports the principles of copyright and the rights of copyright owners, and therefore takes all appropriate actions to ensure that copyright is not breached within the Library, either by staff or by users.
2. Library staff have a responsibility to investigate and stop any apparent breaches of copyright which they observe taking place on Library-supplied photocopiers, scanners, audio, video and DVD players, computers and other equipment.
3. The Library has a responsibility to educate its staff and its users on copyright issues affecting them, including issues relating to copyright and the Internet.
4. The Library treats its staff and its users with respect, observes and preserves their privacy, and considers them to be innocent unless evidence proves otherwise.
5. The Library has an obligation to investigate and respond in a timely manner to charges of alleged copyright infringement sent to it by IPAPs (Internet protocol address providers) or copyright owners.
6. The Library has the right to challenge and dispute such charges.
7. The Library advises IPAPs or copyright owners if its systems do not enable it to identify individuals who have used Library computers on dates and times at which breaches of copyright have been alleged.
8. Restriction of access to the Internet or equipment within the Library is always seen as a last resort.

LIBRARY STAFF
1. All Library staff receive instruction on copyright issues relating to libraries, based on publications listed on the LIANZA copyright website at http://www.lianza.org.nz/resources/copyright, and in particular LIANZA’s The Copyright Act 1994 and Amendments: Guidelines for Librarians.
2. Queries regarding copyright which are not able to be answered by front-line staff are referred to a senior Library manager who has been designated with a special responsibility for copyright matters.
3. Library staff who observe an apparent breach of copyright in the Library either deal with it themselves in accordance with this Policy, or refer it to a senior Library Manager.

LIBRARY USERS
1. Education on copyright issues relating to library users is provided as appropriate.
2. The Library posts warning notices about illegal copying, and the provisions of the Copyright Act relating to fair dealing, adjacent to its photocopiers, scanners and other Library-supplied equipment.
3. Where possible, the Library blocks access to Internet sites the sole purpose of which is known to be to facilitate the illegal downloading of materials from the Internet.

**ALLEGATIONS OF BREACHES OF COPYRIGHT**

- If the Library receives notification from an IPAP or copyright owner that there has been an apparent breach of copyright on a library-owned computer, the Library investigates and takes appropriate action, as detailed below.

**STAFF COMPUTERS**

1. If the alleged breach is identified as having taken place on a Library staff computer, and if the individual staff member can be identified, the facts of the case are ascertained. If the alleged breach is substantiated, the staff member is given additional instruction on copyright law in general and the current incident in particular, and warned that a repetition may result in disciplinary action being taken under the Library’s employment contract with that staff member.

2. If the alleged incident is not substantiated, or if the individual staff member cannot be identified, this is reported back to the IPAP or copyright owner.

3. At the same time, all Library staff are reminded of their obligation to comply with copyright law.

**PUBLIC-ACCESS COMPUTERS**

1. If the alleged breach is identified as having taken place on a Library-owned public-access computer, the Library attempts to identify the name and contact details of the person using the computer on the specified date and time.

2. If the person can be identified, the facts of the case are ascertained. If the alleged breach is substantiated, the person is given information on copyright law as this affects library users, and is warned that a repetition may result in the person being banned from using public-access Internet computers in the Library. If notification is received of a second apparent breach of copyright by the same person, and if that breach is substantiated, the person is given a second warning. If notification is received of a third apparent breach of copyright by the same person, and if that breach is substantiated, the person is told that she/he may not use Library-supplied public-access Internet computers in the Library, other than to access the Library Catalogue or Library-subscribed electronic resources, for a period of six months. If the person is a member of the Library, this information is noted on the person’s Library record.

3. If it is not possible for the Library to identify the person using the public-access computer on the specified date and time, either because the Library does not require users to authenticate, or because records of use are kept for only a very short period or not at all, the Library reports back to the IPAP or copyright owner that the alleged breach has been investigated but that the alleged infringement cannot be substantiated or infringer identified.

**RESPONSE TO IPAP OR COPYRIGHT OWNER**

1. The Library always responds within 14 days to a detection notice, warning notice or enforcement notice received from an IPAP, giving details of the investigations undertaken and any actions taken. Copies of correspondence are kept for one year.

Carey Research Ethics Policy & Guidelines

INTRODUCTION

Research is integral to Carey in its role as a degree awarding institution. Research informs the practice of faculty members, as well as forming a focus for student learning through research based assessment. Carey wants to promote research excellence, and recognises that so it must also ensure the protection of the privacy, safety, and welfare of human participants.

APPLICATION

The below conduct regulations and their associated policies apply to all students and members of staff.

PURPOSE

Carey is committed to ensuring a high level of ethical research, and uses the below principles in its decision making in order to enable this to happen.

POLICY

KEY PRINCIPLES

- Informed and voluntary consent
- Respect for rights of privacy and confidentiality
- Minimisation of risk
- Truthfulness, including limitation of deception
- Social and cultural sensitivity, including commitment to the principles of the Treaty of Waitangi
- Research adequacy
- Avoidance of conflict of interest

OTHER RELEVANT PRINCIPLES

- Respect for potential vulnerability of participants
- Respect for property (including Carey property and intellectual property rights)

INFORMED AND VOLUNTARY CONSENT

The participation of any person in any research project undertaken must be voluntary, and must be based on a clear understanding of what their participation will involve. All information that is provided to intended participants must be written using clear and appropriate language. In particular, intended participants must be advised of:

- the names of all the people undertaking the research project
- the procedures they will be asked to agree to participate in, (eg interviews, focus groups)
- the purpose of the research project and how the eventual information will be used (eg thesis, publication)
- their rights to withdraw from the process, and specifying at what point in the research process it is no longer possible to withdraw participation (for example, once data analysis has started)
- confidentiality, and how confidentiality will be maintained and their anonymity protected
- what will happen to the data once the research is completed

Where research involves Māori participation, the consent of collective groups may also be necessary.
RESPECT FOR RIGHTS OF PRIVACY AND CONFIDENTIALITY

Preservation of the privacy and confidentiality of participants is paramount. Applications for ethics approval must identify:

- Procedures for the protection of the identity of participants where appropriate
- Procedures for keeping information relating to the research confidential
- Procedures for the storage of consent forms from participants
- Procedures for ensuring the confidentiality of private or personal information in respect of participants which is not directly related to the research but which may emerge in the course of the research
- (where Māori are involved) the collective ownership of information must be acknowledged.

MINIMISATION OF RISK

In order to minimise any risks (e.g., psychological, physical or social) that may impact participants, researchers must ensure that all such risks are identified and disclosed.

TRUTHFULNESS, INCLUDING LIMITATION OF DECEPTION

The principle of informed consent must prevail; however, in very limited circumstances a researcher may seek to justify a less than full disclosure (where, for example, it is felt that full information about the nature or purpose of the research should be withheld from a participant). In these circumstances, full disclosure must be made in the application for ethics approval.

SOCIAL AND CULTURAL SENSITIVITY

All research must be carried out:

- ensuring that culturally appropriate consultation and research processes are followed.
- in a way that is sensitive to the participants. Researchers will ensure that they acknowledge and respect all cultural beliefs and practices of participants, in conducting the research.
- demonstrating commitment to the Treaty of Waitangi as outlined below.

TREATY OF WAITANGI

Researchers must consider carefully their research protocol where Māori are involved as participants, or where the project is relevant to Māori, taking full account of the principles of protection, participation and partnership embedded in the Treaty of Waitangi, through:

- working together with iwi, hapu, whanau and Māori communities to ensure Māori individual and collective rights are respected and protected.
- involving Māori in the design, governance, management, implementation and analysis of research, especially research involving Māori.
- protecting Māori individual and collective rights, Māori data, Māori culture, cultural concepts, values, norms, practices and language in the research process.

Research participants must be offered the choice of responding in either Māori or English. Where researchers are not fluent in Te reo Māori, appropriate arrangements should be made to enable participants to communicate in Māori.
Researchers must respect Māori cultural concepts, including Māori perspectives of health and well-being (eg te taha tinana - the physical element, te taha wairua - the spiritual element, te taha hinengaro - the emotional and psychological elements, and te taha whanau - the family and community elements).

Consideration will be given in the ethical approval process to whether Māori ethical perspectives need to be taken into account in order to ensure Māori participants, tikanga, and cultural concepts are protected (for example when the proposed research would normally require observance of tikanga Māori).

**RESEARCH ADEQUACY**

In order to ensure research adequacy, each project must have clearly defined goals, must be designed in such a way that it can meet those goals, and must have the potential to contribute to the advancement of knowledge. In addition, where appropriate, kaupapa Māori and Māori-focused methodologies must be acknowledged.

**CONFLICT OF INTEREST**

It is the responsibility of the researcher to identify and address any potential conflict of interest that may arise for them in relation to the proposed research and to any participant.

**GUIDELINES**

All research by faculty and students which will involve gaining non-public information about live human subjects, or which is likely to affect living persons through its findings, must be approved by the Research Ethics Committee before the research is commenced.

Applications for ethical approval must be on the prescribed form, obtained from the Academic Registrar, and be submitted to the Academic Director at least 2 weeks before the proposed date of commencement of the research.

The Research Ethics Committee, a sub-committee of the Academic Committee, will scrutinise the Application for Ethical Approval and reach a decision to grant or decline ethical approval. The Research Ethics Committee may request such further information from the applicant as it deems appropriate to enable a decision to be made. Approval will normally be for a period of three years.

The Research Ethics Committee will comprise three members, including the Vice Principal (Academic), the Academic Director and at least one other faculty member with research experience selected by the Academic Committee. Where the Application for Ethical Approval is for research involving engagement with Māori, additional members will be co-opted onto the Research Ethics Committee to ensure that all appropriate aspects of the application are addressed.

Where any changes are made to any previously approved research project, which will in any way affect the nature of the information supplied with the original Application for Ethical Approval, an application for variation must be lodged with the Academic Director for approval by the Research Ethics Committee. Until the variation is approved, no further research involving live human subjects is to continue.

**COURSE RESEARCH PROJECTS**

In any course where a research based assignment is included as part of the assessment, which may involve students in undertaking research activities involving live human subjects, the course lecturer must make
Application for Ethical Approval using the appropriate form before the start of the semester in which the course is being offered.

The application must include details of the nature of the proposed research activities, and include copies of the information and guidelines on research and research ethics to be given to students as well as the proposed information sheets and consent forms to be used by the students.

The Research Ethics Committee may approve a course research project for up to three years, provided that the requirements for assessment in that course do not change during that period.

At the end of each semester, the course lecturer will advise the Research Ethics Committee of any issues that arose in relation to the students undertaking the research specified.

Lecturers are responsible for presenting the ethical standards of conducting research on human beings to all their students in any course where a research project is required.

**REPORTING REQUIREMENTS**

The Academic Committee will normally require a report on progress at the end of each completed six months of a research project subject to ethical approval, including particular reference to the ethical component of the research.

In any situation where any unanticipated events occur in the course of research being undertaken, especially where that event relates directly to Carey’s research principles, the researcher must submit a report to the Academic Committee.

**ETHICAL STANDARDS**

The following ethical standards will be applied for all research at Carey:

- No matter how young the subject, a child/person has rights of well-being that supersede the rights of the researcher. In the conduct of their research, researchers must measure each operation they propose against this principle and must be prepared to justify their decision.

- In the conduct of research it is unacceptable to expose subjects to unnecessary risks. Risks include such things as pain, stress, emotional distress, fatigue, embarrassment, cultural dissonance and exploitation. The researcher must make every attempt to identify and minimise any risks - physical, psychological, spiritual, social or cultural - attendant on participation by individuals or groups in a research project.

- When dealing with a child (for the purposes of this Policy a child is any person aged 15 or under), the informed consent of parents or of those legally designated to act in loco parentis must be obtained in writing. Informed consent requires that the parent be given accurate information on the professional and institutional affiliation of the researcher, and on the purpose and operations of the research, albeit in layperson’s terms. The consent of parents is not to be solicited by any claim of benefit to the child. Researchers must not only give parents the opportunity to refuse consent, but must also respect their exercise of the right to refuse such consent.

- The researcher must not coerce any person into participating in a study. All people have the right, and will be given the opportunity, to refuse to participate in a study.

- The subjects’ identity must be concealed in written and verbal reports of the results, as well as in informal discussions with faculty, students and colleagues, except in situations where participants are figures of public record (including senior leaders of churches).
• Researchers must not assume the role of diagnostician or counsellor in reporting their observations to parents or those in loco parentis. They also do not report test scores or information given by a child in confidence, although they recognize a duty to report general findings to parents and others.

• Researchers must respect the ethical standards of those who act in loco parentis (e.g. teachers, superintendents of institutions).

• Research procedures should be appropriate to the subjects involved in the study. The researchers have a responsibility to inform themselves of, and take steps necessary to respect, the religious, spiritual, social and cultural sensitivity of all participants. Meeting the language preferences of subjects in the provision of information is especially important.

• While it is not envisaged that payment in money (or kind) will/should ever be part of securing a person(s) involvement in research, payment in money, gifts, or services for a person’s participation does not annul any of the above principles.

• Researchers must obtain permission in writing from all subjects before interview research is conducted. This permission and the handling of any information is to be in accordance with the provisions of the Privacy Act, 1993.

Carey Baptist College
SUGGESTED COURSE INSTRUCTIONS REGARDING RESEARCH ETHICS

(For inclusion in the Course Outline of any undergraduate course where an assignment may require/involve students undertaking research involving human subjects. Adapt as appropriate for the context of the course.)

As part of one of the assignments for this course you are asked to, or may wish to, interview people within the church or the wider community. Whenever you gather information from people for an assignment or research project through interviews or questionnaires, issues of confidentiality, privacy and informed consent are raised. All of these are important aspects of research ethics.

It is essential that all research carried out while you are a student at Carey Baptist College is carried out in an ethical way. You may like to have a look at Carey’s Research Ethics Policy and Guidelines (available on CareyOnline). The Policy and Guidelines address the following key issues in conducting research: the informed and voluntary consent of participants; respect for participants’ rights of privacy and confidentiality; the minimisation of risk; truthfulness; social and cultural sensitivity (including commitment to the principles of the Treaty of Waitangi); research adequacy; the avoidance of any conflict of interest.

The assignments for this course have been set up in a way that complies with Carey’s Policy and Guidelines and have been approved by Carey’s Research Ethics Committee.

For the purposes of your assignment for this course, you must:

- ensure that each potential participant you approach is given a copy of the Information Sheet that has been prepared by your course lecturer
- ensure that each participant is also asked to sign the Consent Form (which must also be signed by a parent or guardian of any participant who is aged under 18)
- retain the signed Consent Forms
- give consideration to how you will securely store any paper information that you gather, and ensure that all information stored on a computer is password-protected (to avoid breaches of privacy and confidentiality)
- use the information you gather ONLY for the purposes of the assignment, and maintain all participants’ rights to privacy and confidentiality
- destroy records traceable to any identifiable individual at the conclusion of this course.
Carey Guidelines for Students Enrolling in a Research Essay

Enrolling in a Research Essay is an opportunity for able students to study a specific topic or issue. Your task is to explore an aspect, problem or question posed by contemporary theological study and to use the methods of scholarship to resolve, critically examine or to elucidate the topic. Your essay needs to be theological, well structured, limited in scope and disciplined in methodology.

A research essay can be a testing experience in that you are solely responsible for organising your progress and will be without the supportive atmosphere of fellow students in a class. You will have a supervisor appointed who will guide you through the process of research, critical reflection and writing.

ENTRY REQUIREMENTS

Students must meet the entry requirements outlined in the Course Descriptions (contained in the Academic Regulations and Calendar) to enrol in advanced research courses.

Note to Students

It is critical that students understand that this is an advanced research course that requires students to do independent research. Students will need to have access to appropriate resources. Distance students should expect to travel to Auckland to access the Carey Baptist College, Ayson Clifford Library or have access to another suitable academic library.

WORD COUNT

MM790 RESEARCH ESSAY
Level 7, 15 credits, maximum of 6000 words (including footnotes, excluding bibliography)

MM821 RESEARCH ESSAY
Level 8, 30 credits, maximum of 15,000 words (including footnotes, excluding bibliography)

STEP ONE: GENERAL RESEARCH TOPIC

Decide on the general area you wish to research and submit a brief overview of your proposed topic to the Academic Director. The Academic Director will assist you in finding a supervisor for your research.
STEP TWO: REFINE YOUR RESEARCH TOPIC

With the supervisor’s guidance select a research topic, appropriate to a 6000 word research essay for Level 7, and a 15,000 word research essay for Level 8, within the area of your interest. Keep your topic as specific as possible so that your research is purposeful and focused. Discuss with your supervisor the rationale, objectives, strategies, and methods of theological reflection for your study.

Check library and other resources that there are written sources readily available for your research.

Check with your supervisor as to any ethical issues around your proposed research.

STEP THREE: PREPARE A RESEARCH PROPOSAL

The proposal needs to be on the appropriate form and include the following information:

- Research Topic (primary research and 3-5 subsidiary questions)
- Reason for and outline of topic of research (no more than 1500 words)
- Outline of structure of essay
- Approximately 12–20 bibliographical items indicating resources to be used
- Proposed timeline to complete the research essay.

  Level 7 Research Essay: duration of a single semester, but under some circumstances a student will be permitted to complete the course over two semesters.

  Level 8 Research Essay: duration of two semesters with a due date 15 November.

STEP FOUR: SUBMIT YOUR RESEARCH PROPOSAL

Submit your research proposal to the Academic Director. Your enrolment will not be approved until the Academic Director (or Thesis Sub-Committee for a Level 8 essay) has accepted your proposal and formally appointed your supervisor. The Academic Director or your supervisor will notify you of the approval of your proposal.

STEP FIVE: CONTACT YOUR SUPERVISOR

Contact your supervisor to discuss the proposal and also plan a programme of writing deadlines for the semester ahead. Maintaining those deadlines will keep you on track to complete by the due date.

STEP SIX: COMPLETE YOUR ENROLMENT

Now that you have been accepted you can formally enrol for this course.

STEP SEVEN: KEEP TRACK OF STYLE AND BIBLIOGRAPHICAL RESOURCES

You will need to have individual chapters and subheadings within each individual chapter. The appropriate style guide to use should be discussed with your supervisor.
STEP EIGHT: START WRITING
Initially, ignore the Introduction and Conclusion to your essay. Begin writing the draft of each individual section of your outline, meeting the deadlines as agreed with your supervisor. Your work should exhibit your grasp of the relevant literature by direction citation (but without plagiarism), balanced with your own independent creative thinking. You need to keep the theological content of your essay explicit. You may want to ask your supervisor to read sections of your essay so that you have feedback on the content and style.

During the course of your writing and research, you will be expected to be in contact with your supervisor on a monthly basis. This may be a face to face meeting, or by phone and/or email. Regular progression reports will be provided to Academic Committee through the supervisor. A 6-monthly progress report is required for those undertaking a Level 8 Research Essay.

STEP NINE: COMPLETE FINAL DRAFT
When you have completed your individual sections, weave them together to make your essay read fluently throughout. Finally, write your ‘Introduction’ and ‘Conclusion’. They are intended to preview the structure of the whole work, and to review the conclusions drawn from the research. Ensure that you take account of the marking criteria in the Research Essay Grade Sheet (available from the Academic Director).

STEP TEN: POLISH YOUR ESSAY
Read your completed document at least twice, taking care over the details: formatting, spelling, punctuation, footnotes and bibliographic information. It will certainly help if you ask someone else to proof-read your essay to catch any errors you may have missed.

STEP ELEVEN: ASK YOUR SUPERVISOR TO READ YOUR FINAL ESSAY
When your essay is nearing completion, submit it to your supervisor for final comments and corrections.

STEP TWELVE: SUBMIT YOUR FINAL ESSAY
Once your supervisor is satisfied, submit two copies of your essay to the Academic Director for distribution to examiners. Your essay will be graded and returned to you with the examiner’s comments. The Academic Director will determine the examiners of your essay. Please note that the marking process will normally take 4-6 weeks.

- If the Academic Committee is unable to resolve the complaint they will refer it to an adjudicator who is deemed acceptable to both parties. Please note that the decision for such a person will be binding.

Once a complaint is resolved summary notes and the decisions are to be recorded. Copies of all correspondence from and to you the student will be kept in your student file.

Please note that students also have the right to lodge a complaint with NZQA, who also provide a service to assist students with complaints.

NZQA can be contacted via email, helpdesk@nzqa.govt.nz
APPEALS PROCEDURE

Students of Carey have the right to appeal. There are a number of areas in which a student may wish to make an appeal, the requirements for which are listed below.

Appeals relating to admission & Enrolment

If an applicant is unsuccessful in receiving an offer of place an appeal can be made within ten workings days of receipt of their declined application.

Appeals relating to Assessments & Final Grades

If a student feels that any assessment process has been inadequate or unfair they have the right to appeal. Similarly, if they believe that there was an irregularity in the material and/or conduct of an assessment they can make an appeal against their final grade.

Appeals should be made within five working days of receiving a mark or grade.

Further provisions are made for research and thesis work; please refer to the Thesis Regulations for more information.

APPEALS RELATING TO DISCIPLINARY MEASURES & DISMISSAL

Students may appeal against a decision for disciplinary measures or dismissal only on the following grounds:

- That new evidence is available, relevant to the misconduct or breach, which was not or could not be reasonably available at the time when the decision was made.
- Where medical or other exceptional circumstances contributed to an inability to attend a hearing.
- If there was an error in the misconduct procedures.
- If the penalty is inconstant with or unsupported by the evidence provided during the misconduct proceedings.
- Or if the penalty is disproportionate to the misconduct or breach.

Appeals should be made within fourteen days of the decision notification.

APPEAL PROCEDURE

An appeal should be made in writing to the Academic Director. When making a request for appeal students must clearly state the grounds on which the appeal is being made; this should include whether you are

appealing:

- The decision made with regards to being found guilty of misconduct or a breach.
- The penalty imposed.
- Or both the decision and the penalty.

Please note that sufficient supporting evidence and/or details must be provided in order that it can be determined whether an appeal can proceed.

Once appeal requests are submitted to the Academic Director, they be referred to the Academic Committee who will set a hearing date. At the hearing, students will present their case for appeal after which the
Academic Committee will determine if the appeal is supported. If they deem it supported, then all parties must come to an agreement regarding how to proceed.

MEDIATION

Where appropriate and in instances where agreement cannot be reached, mediation may be called for.

A mediator will be selected on the agreement of all parties, however if agreement cannot be reached the Principal will nominate an appropriate mediator.

Once a mediator has been appointed they will contact each party and speak with them separately before another hearing is called.

At the conclusion of the hearing and the period of mediation, the mediator will complete a report outlining the proceedings and the decisions reached; this report must be signed by all parties and mediator.

Carey Harassment Complaints Policy and Procedure

INTRODUCTION
Harassment of any nature at Carey Baptist College, “Carey” is regarded as a serious offence and will not be tolerated. Harassment is also illegal under the Employment Relations Act 2000 and the Human Rights Act 1993.

APPLICATION
All Carey staff, students and contractors.

PURPOSE
Carey is committed to providing a safe working environment for all students and members of staff, one which is free from any form of harassment and where people are treated with dignity and respect.

SCOPE
Harassment is defined as is any unwanted comment, conduct or gesture directed toward an individual or a group of individuals which is insulting, intimidating, humiliating, malicious, degrading or offensive. Harassment also includes any promises or threats, both explicit and implied, in return for sexual favours. Harassment is a form of discrimination.

POLICY AND PROCEDURE
Carey will treat all complaints of harassment seriously and will work with students to find an appropriate means of addressing the complaint. Please note that all complaints will be investigated and handled with sensitivity.

MAKING A COMPLAINT
If a student feels that they may have been a victim of harassment from any supervisor, employee, lecturer, student, or any other person in connection with their study or employment at Carey, they should bring the matter to the immediate attention of one of the Harassment Officers.

The following staff members have been appointed as Harassment Officers at Carey and should be a student’s first point of contact if they have any enquiries or complaints concerning harassment.

<table>
<thead>
<tr>
<th>HARASSMENT OFFICERS</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Principal</td>
</tr>
<tr>
<td>John Tucker</td>
</tr>
</tbody>
</table>

Any discussions with either of the Harassment Officers will be treated by them as being in the strictest confidence and the decision regarding whether to proceed in making a formal complaint remains with the student.
Please note that a serious complaint of harassment may be brought before the Human Rights Commission, in accordance with New Zealand legislation.

**RESOLUTION OF COMPLAINTS**

When dealing with complaints of harassment you may decide to pursue a number of approaches in order to resolve the issue.

**INFORMAL RESOLUTIONS**

If a student decides that they do not wish to lodge a formal complaint they are still able to pursue a resolution and Carey will support and assist. Students may choose to either:

- Approach the offender directly and take action personally. However, this approach is only recommended if you feel comfortable in approaching the offender.
- Request a third party to mediate between yourself and the offender; this can be done either together or individually.

Or if the harassment is of a less serious nature and no direct resolution is deemed necessary, the Harassment Officers may send a general memorandum to all students and members of staff, including contractors, via email reminding them of their responsibility to foster a safe environment.

**FORMAL RESOLUTIONS**

If a student decides to lodge a formal complaint they may do so in writing or verbally with one of the Carey Harassment Offices.

Please note that formal complaints must include:

- A description of the event(s).
- The name of the offender.
- The date(s) and location(s) where the offending behaviour took place.
- The effect the behaviour had on you.
- And details of any witnesses, if applicable.

The Harassment Officer may then, with the students consent, send the formal complaint to the offender. Should the allegation be accepted at this stage by the offender, the formal complaint may be placed on the Harassment File and a warning will be issued to the offender.

However, in the event that the offender does not accept the allegation, the Harassment Officer will assign an individual or individuals to investigate the complaint fully and fairly. As part of this investigation, the accused offender will be given the opportunity to be heard and offer explanation.

If the result of this investigation finds the offender guilty then if appropriate, recommendations for remedial action and/or disciplinary measures will be given by the investigator(s) to the Principal who will then determine the final course of action to be taken in order to resolve the complaint.

Please note that, at the discretion of the Principal and in accordance with the Code of Conduct, an offender may receive disciplinary measures.

If the offender is a student measures such as suspension from their programme of study or in serious offences grounds for dismissal may be considered.
If the offender is an employee of Carey measures such as suspension without pay, probation, re-assignment of responsibilities, or of serious offences the termination of employment may be considered.

However, if the result of this investigation finds the offender innocent, meaning that they were not able to conclude that Policy for Harassment was violated, Carey still reserves the right to bring to the attention of the accused offender that their conduct was deemed to be inappropriate.

Please note that Carey also still reserves the right to contact any appropriate external authorities should this be deemed necessary in order to resolve the complaint, in the instance that student feels that even after the investigation that their complaint is not sufficiently resolved.

Carey Students Travelling Abroad Policy and Procedure

INTRODUCTION
Carey students sometimes undertake international travel for the purpose of research and study. Such activities may involve risks which need to be managed.

APPLICATION
Carey students travelling outside New Zealand for Carey activities and Carey staff members who are involved in organising, supporting or authorising such travel.

PURPOSE
To assure the safety of students travelling abroad. This will be done by providing instructions and clarifying responsibilities for safe travel.

POLICY
SCOPE
1. Staff members are sometimes approached by individual students or groups of students for advice regarding planned international travel. Staff members providing advice to such students needs to clarify with the students at the outset whether or not such travel is for a Carey activity, and, if so, inform the students of their obligations as outlined in this policy.
2. If any person is uncertain whether or not contemplated travel is considered to be for a Carey activity as outlined in this policy, they will need to consult the Management Team.
3. All students planning to travel abroad for a purpose other than a Carey activity do so independently of Carey. Such students are solely responsible for making their own travel arrangements and making their own decisions regarding personal safety. While they are not required to comply with this policy, such students are nonetheless permitted and encouraged to voluntarily contact the Management Team for advice regarding their travel arrangements.

TRAVEL PLANNING AND RESPONSIBILITIES
Carey provides resources and support services aimed at facilitating safe travel experiences for students travelling on Carey activities. Carey aims to educate student travellers about health and safety issues and facilitate safe student travel. However, Carey cannot ensure that students will travel incident free, nor can it account for all potential health and safety risks associated with travel outside New Zealand.
All student travellers are required to:

- prepare themselves in advance for international travel
- research and be aware of the risks involved with their planned trip
- ensure that they are mentally and physically prepared for travel (including the necessary vaccinations)
- ensure they have appropriate and adequate travel and medical insurance
- register with MFAT Safe Travel and obtain any recommendations to travel that are required in the procedures of this policy
- lodge their travel plans with Carey
- conduct themselves in a safe manner while travelling
- bring any potential health and safety concerns they may have to the attention of the appropriate office or department at the place of travel (if any) as well as the trip organiser and or the Management Team as soon as possible after the concern arises
- The trip organiser is responsible for ensuring that students have:
  - registered with Safe Travel
  - lodged their travel plans with Carey
- The trip organiser must consider applications for authorisation for travel from students participating in Carey activities in accordance with this policy and all accompanying procedures
- Carey has no control over international events, and will not be responsible for the refund of any costs or losses, including the loss of timely academic progress associated with student travel or the cancellation of student travel. Pursuant to this policy, Carey will however endeavour to find an alternative way of achieving such academic progress if the events could not be reasonably forecast

**PROCEDURES**

**TRAVEL SUPPORT**

The *Administration Team* provides support for the implementation of this policy by working with *trip organisers* and student travellers to:

- provide advice and assistance, particularly in cases where there are Government travel advisories or warnings and advising Carey authorities on decisions to restrict or recommend against student travel
- offer pre-departure checklists, resource materials and advice to student travellers

**RISK RATING SYSTEM**

1. Carey takes into account the *MFAT* and other governments’ travel advisory risk levels to assess whether or not staff members and students should engage in Carey activities in various regions of the world. MFAT uses a three-level risk system and provides advice on security risks in several destinations, based on information from a number of sources

2. In situations of *extreme risk*, Carey advises against all travel. This advice usually applies to areas where there is conflict, warfare or civil disturbance. Students in or planning to go to these areas should be aware of the limits on official assistance that can be provided there. The New Zealand Government may not be able to assist if students are detained, injured, or otherwise prevented from leaving these areas. There may be little warning of airport closures, cancellation of air services or closure of airspace to civilian air traffic

3. In situations of *high risk*, Carey advises that non-essential travel, including tourist travel, is to be deferred. High risk means MFAT has specific indication/s of possible location, timing or place of threatened action from sources that may be regarded as reliable (The Ministry does not disclose the detailed information that may be behind such assessments).

4. Situations deemed to be of *some risk* signify a level of risk that warrants caution. Some risk means there is a heightened but still generalised threat of terrorism. Travellers need to be especially alert
and vigilant. Sensible precautions include avoiding large gathering places such as shopping malls and public events. In non-Western destinations places identified with Western interests such as bars, nightclubs, and commercial premises with a strong Western identity are to be avoided if possible.

**TRAVEL TO 'SOME RISK' DESTINATIONS**

Students may travel for Carey activities to destinations classified ‘some risk’ by MFAT and other governments, provided that they comply with the conditions and requirements set out in the associated policy and these procedures. Provided they comply with the conditions and requirements set out in the associated policy and these procedures they are not required to seek authorisation for such travel.

**TRAVEL TO 'HIGH RISK' AND 'EXTREME RISK' DESTINATIONS**

1. Carey will not support student travel to a country or region with a government travel advisory set at ‘high risk’ or ‘extreme risk’ unless exceptional circumstances exist.
2. If it is believed exceptional circumstances exist, he or she may apply for special consideration as outlined in these procedures.
3. A student seeking such consideration must apply in writing to the principal.
4. It is the responsibility of the principal or his or her delegate to determine whether, on considering relevant advice and other supporting information, to authorise the travel to proceed or not before approving such travel. The principal would normally require that:
   - the travel has the written support of the Dean of Faculty;
   - for a student under the age of 18 years, the trip has the written support of the student’s parents or legal guardians;
   - the trip organiser has submitted a risk assessment, and emergency planning and other supporting documentation;
   - the student or trip organiser can demonstrate that they have taken adequate steps to mitigate risks at the location and will have adequate support and guidance while in the region. In making this assessment, the Principal will consider the student’s experience and background in the region and whether they are travelling with an established person or organisation with expertise in providing safe travel within the region;
   - the student has adequate and appropriate travel and medical insurance.
5. Special considerations of this nature will only be granted in exceptional circumstances.
6. The fact that the conditions listed above have been met does not create any entitlement to a special consideration by the Principal.
REVOCATION OF AUTHORISATION

Notwithstanding a decision made by the Principal pursuant to these procedures to authorise travel for a particular student, the Principal may review a student’s application for special consideration and may decide to revoke such special consideration for the student to travel as a result of safety concerns, or a change to the risk status of a country or region.

CHANGES TO RISK RATINGS
1. If the New Zealand Government risk rating of a country or region are increased while students are participating in Carey activities, students are required to follow the advice of MFAT and the New Zealand Embassy, and leave the country or region if advised to do so.
2. Students who refuse to follow the advice of MFAT or the New Zealand Embassy will be considered to be on unsupported travel and will be subject to the provisions relating to unauthorised travel.

UNAUTHORISED TRAVEL
1. No Carey resources may be used in unauthorised student travel for Carey activities. In the event Carey becomes aware of such travel, Carey may, at its discretion, take any of the following measures:
   - suspend or cancel the travel/Carey activity or the student’s participation in the above
   - suspend or cancel any funding to the student from sources controlled by Carey
   - subject to applicable laws, advise third parties that the student’s travel is not authorised or supported by Carey. Third parties might include government agencies, sponsors, parents, or next of kin of the student
   - subject to the approval of the Dean of Faculty, withdraw the student from registration/enrolment in any course or programme supported by the travel or decline to award academic credit for activities undertaken while travelling.
2. When making a decision according to the above procedures on unauthorised travel, Carey will consider any information that has been received from the student.

REQUIREMENTS TO REPORT PROBLEMS
1. Carey students are to report any concerns or problems related to their own health and safety abroad to the appropriate office or department in the place of travel (if any) and to the trip organiser/Executive Director soon as possible during their travel.
2. Carey will provide students with access to all relevant Carey resources, and where necessary, will coordinate a response to any problem.

GENERAL TRAVEL PROCEDURES
1. Students travelling outside of New Zealand for Carey activities may be required to attend pre-departure workshops.
2. Carey will keep a copy of all written applications to travel together with the Principal’s decision, the risk assessment, emergency plan and supporting information developed for each student traveller.
