DISCOVERY INTERNSHIP

The Youth Ministry 'Discovery Internship' combines distance learning, block courses, and hands-on experience that helps students gain foundational knowledge and skills for ministry with youth—all based in their home church. Students interact with other interns around the country; as well as having a supervisor, a mentor and receiving input from Carey and Baptist Youth Ministry Coaches.

Purposes of Internship

SERVING

Intentional ministry and leadership development in a church context.

STUDYING

Tertiary level study in Bible & Theology, Mission and Ministry including participation at block courses and formational learning times throughout the year.

SUPPORTING

Supervision and mentoring by experienced practitioners. Support and feedback through Carey's Field Education process. Discovery interns also journey with and support each other as a cohort.

The Discovery Internship is a twenty hour per week commitment—though some weeks will require more than others. This commitment will involve approximately ten hours of practical serving, eight hours of reading and coursework, and two hours of supervision and reflection.
